

AWS registration

1. Go to aws.amazon.com
2. Click “Create an AWS account”

The screenshot shows the 'Create an AWS account' page. It features a light gray header with the title 'Create an AWS account'. Below this is a white form area with the following fields: 'Email address' (containing 'mail@gmail.com'), 'Password' (masked with dots), 'Confirm password' (masked with dots), and 'AWS account name' (containing 'accountaccount' and a help icon). A yellow 'Continue' button is positioned below the account name field. Under the button is a blue link that says 'Sign in to an existing AWS account'. At the bottom of the form, there is small copyright text: '© 2019 Amazon Web Services, Inc. or its affiliates. All rights reserved.' followed by links for 'Privacy Policy' and 'Terms of Use'.

3. Click on “Continue”
4. Continue and fill in everything and click to create account.
